Home: Ferrara (Italy)

ABOUT ME

I am a Computer Scientist, I code in Python, C, and Java. I'm skilled at tackling complex problems and collaborating with teams to achieve business goals. I have a solid foundation in IT and a strong drive to keep improving professionally. I adapt quickly to new environments, thanks to the teamwork experience I've gained through years of volunteering.

WORK EXPERIENCE

University of Ferrara – Ferrara, Italy

City: Ferrara | Country: Italy

Artificial Intelligence Engineer - ArchivIA

[07/04/2025 – 07/10/2025]

Design and implementation of a computer vision model using transfer learning on a pre-trained neural network for the recognition of points of interest at the University of Ferrara, with the development of a complete web application (backend and frontend) to provide the user interface.

University of Ferrara – Ferrara, Italy

City: Ferrara | Country: Italy

Data scientist

[04/2024 – 09/2024]

Internship at the University of Ferrara focused on developing a Machine Learning model aimed at predicting the failure of clinical trials. The dataset used was large and included numerous clinical studies with unstructured textual descriptions. Implemented Natural Language Processing (NLP) techniques and developed an LSTM neural network for predictive model.

University of Ferrara – Ferrara, Italy

City: Ferrara | Country: Italy

Enrollment Support

[07/2023 – 12/2023]

Provided back-office support for online enrollment procedures and managed institutional databases.

PRIVATE CLIENT – Bologna, Italy

City: Bologna | Country: Italy

Web developer

[08/2023 – 11/2023]

Developed a website for a private client. Responsible for the design, graphical layout, and technical implementation of an interactive and multimedia website.

EDUCATION AND TRAINING

Second Cycle Degree in Artificial Intelligence

University of Bologna [11/2024 – Current]

Country: Italy | Website: <https://corsi.unibo.it/2cycle/artificial-intelligence> | Level in EQF: EQF level 7

Bachelor's Degree in Computer Science

University of Ferrara [12/2021 – 10/2024]

City: Ferrara | Country: Italy | Website: <https://corsi.unife.it/informatica> | Level in EQF: EQF level 6

Scientific High School Diploma

Liceo Scientifico Antonio Roiti [09/2016 – 06/2021]

City: Ferrara | Country: Italy | Website: <https://www.liceoroiti.edu.it/> | Level in EQF: EQF level 5

PROJECTS

[07/2025 – 09/2025]

Data Preparation and Cleaning for Experimental Acoustic Analysis

- Assisted in the preprocessing and cleaning of large-scale acoustic datasets to ensure data quality and consistency, and contributed to the preparation of structured datasets for subsequent machine learning analysis.
- Gained experience in handling unstructured audio data and applying standard data science practices.

[04/2024 – 09/2024]

ML and NLP Techniques for Predictive Analysis of Clinical Trial Failures

- Developed a machine learning model to predict the failure of clinical trials, using a large-scale dataset.
- Applied Natural Language Processing techniques and implemented an LSTM neural network to build an effective predictive model.

PUBLICATIONS

[2025]

MAIA (Moodle AI Assistant) Co-authored a paper on MAIA, a project focused on developing an intelligent assistant for the Moodle e-learning platform. The agent is capable of not only understanding user requests in natural language but also executing administrative actions, such as creating courses or managing enrollments. The system was built as a native Moodle block with a secure architecture that guarantees data integrity and respects user permissions, aiming to reduce the administrative workload for educators and enhance platform autonomy.

Authors: Bertelli, A., Tampone, G., Sivieri, C.

LANGUAGE SKILLS

Mother tongue(s): Italian

Other language(s):

English

LISTENING C1 **READING** C1 **WRITING** B2

SPOKEN PRODUCTION B2 **SPOKEN INTERACTION** B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Experience in MATLAB, python, and R / Programming Languages - C,C++,Java,HTML and MS SQL server / PHP, javascript / Assembly / Linux / Windows / iOS / Microsoft Office / Git / Coding and Analytical Skill / natural language processing / Machine Learning / implement front-end website design

DRIVING LICENCE

Driving Licence: B

VOLUNTEERING

[25/10/2025 – 30/10/2025] Bologna

ECAI Volunteer

Volunteered at ECAI, Europe's premier conference on Artificial Intelligence, a major international event with participants from academia and industry worldwide.

As a volunteer for the ECAI I played an active role in ensuring a seamless and positive experience for all participants. My responsibilities were centered on providing direct support within the conference halls, where I assisted international speakers and session chairs with logistical and technical needs to ensure presentations ran smoothly. Furthermore, I served as a contact for attendees, offering orientation, answering questions about the program, and helping them navigate the event, thereby contributing to the overall success and welcoming atmosphere of this major international conference.

Link: <https://ecai2025.org/>

[03/2017 – 09/2021] Ferrara

Activity Leader

My role started with handling registrations, where I took care of processing personal data, managing payments, and ensuring that all information was handled securely and accurately.

I was also responsible for planning and running games and activities. I maintained a safe and positive environment, overseeing the children throughout the day and taking responsibility for their well-being during all activities.

In accordance with Regulation (EU) 2016/679 of the European Parliament, dated 27th April 2016, I hereby consent to the processing and use of my personal data provided in this CV and application for recruitment purposes.

Bologna, 17/10/2024

Chiara Sivieri
